No public requests.

CIVIL AIR PATROL

Morgan Scott, Development Services Operations Manager presents Chuck Spiteri with the Civil Air Patrol with a check from the City of Cottonwood for the C.A.P. services provided during the 2011 Cottonwood Airfest.

BREIF SUMMARY OF CURRENT EVENTS

Brief Summary of events is presented by- Morgan Scott, Development Services Operations Manager

-Airport Lights. All lights are in working order. A series of items were checked and some replaced. Radio system was replaced, circuit breakers, and light bulbs. (Suggestion was made at the next users meeting to ask pilots to continue to check the light system).

-GPS Approach. No update at this time. Still awaiting FAA approval.

-Beacon/Windsock. Possible that the bidding process will begin. This project is ADOT grant funded. A 20 knot windsock will be installed @ the south apron location and replace the current windsock at this location. Estimated time to start this project would be before November 2013.

-AWOS. No update. Presently the FAA will not authorize the Super AWOS II system. Still waiting to hear if there will be any change in this decision. An application to revise current ALP has been made regarding AWOS for the airport.

- Commission member nomination advertisement will not be announced at this time. Awaiting a decision regarding Airport Commission possibly being changed to a Committee.

-Airport Mechanic Contract. Changes regarding duties for the Airport Mechanic may be added to the contract. The Airport Commission requested to see what duties may be added. Would like to bid for a mechanic in the next 3 to 4 weeks.

- Airport Minimum Operating Procedures. This would be for anyone interested in conducting business at the airport procedures and definitions of use. Currently this is on hold and still gathering data. A future date will be set to meet which will include the City Attorney's participation.

- Runway Overlay. Grant Fund \$390,000.00 to overlay runway. Estimated date to start this project Spring 2013.

- ERAU Training. Awaiting the completion of the Minimum Operating Procedures.

- Solar Panel Production. (hand out presented). Will continue to gather data on usage.

- Wall of Fame. (hand out presented for Commission members review). Chairman Jim Money asks for members to review the handouts and move to the next agenda.

- On Call Design Consultant. Consultant would be paid per project. Further discussion will be held at the next meeting. Item to be moved to next agenda.

Airfest 2012- Not anticipated for 2012. Volunteers would be crucial to the City of Cottonwood hosting any future Airfest activities. Suggestion was made that if there was enough volunteer interest for 2013 and an Airfest Committee would need to start planning in January of 2013.

- Red Rock Skydiving Proposal. The City of Cottonwood is not accepting proposals at this time.

OLD BUSINESS

- 1) Schedule a Date for a work session to discuss action to recommend to the City council that the Airport Commission reconvene as the Airport Committee. Executive session meeting will be held Tuesday, August 28th at 6:00 P.m. located at the Council Chambers building.
- 2) Apron Seal- (handout provided). Manufacturer of current Apron Seal surface would like to use a local contractor to apply their materials. This project could start as early as this fall. Airport Commission members suggest that an additional sample be applied.

NEW BUSINESS

- 1) Airport Staff Location- Staff is now located at the Public Works Building (1490 W Mingus Ave). Administrative Coordinator, Sue Monroe will still be staffed at the airport on Saturdays.

Adjournment

A motion to adjourn was made by commission member Rex Williams. Motion was seconded by Ron Krumm.
