Discussion of Possibility of Funding Opportunities for City of Cottonwood Infrastructure

Administrative Services General Manager, Rudy Rodriguez presented the possibilities that the City of Cottonwood may use the Municipal Property Corporation (MPC) in order to obtain financing for several of the capital improvement projects in this fiscal year. The funding anticipated for FY2010 is approximately \$8.5M for street projects, remodel of a building to serve as an evidence holding facility, and the construction of a regional communication center.

It was noted that with the raiding of the Greater Arizona Development Authority's (GADA) reserves by the State of Arizona, the GADA was not expected to have the strength in the market that it once had. Other options were also discussed including the use of bank financing.

Annual Financial Reports

City Finance Director presented the annual un-audited MPC financial reports for the year ending June 30, 2009. The reports reflect assets matching the liabilities to the total of \$36,735,000.
