The Cottonwood Police Department is proud to announce the addition of a new piece of equipment to help with traffic safety. The department recently received a new Instalert 24 electronic sign board.

This sign board is portable. This will allow officers to alert motorists of traffic detours or delays due to traffic crashes, special events, and emergency situations effecting traffic.

The sign board was purchased through a grant from the Governor's Office of Highway Safety that paid for the entire cost. The City of Cottonwood has had a ongoing partnership with the Governor's Office of Highway Safety as they provide continued funding for DUI patrols and equipment.
