

Cottonwood Old Town Association Monthly Newsletter

May, 2015

MESSAGE FROM THE PRESIDENT:

After my first week as president of the OTA, I visited with several merchants along Main Street to introduce myself. I appreciated everyone's hospitality and the comments I received from numerous merchants.

While everyone won't always agree on issues and opportunities that face our association, everyone I spoke with was excited about the positive growth that can be seen in Old Town. I apologize if I didn't make it into your business, I will try to finish visiting merchants in the coming weeks.

The best way for me to help keep the positive momentum in Old Town going, is to work diligently and keep the members informed. The number one job for you, our members, is to provide input. This doesn't mean

that every suggestion is implemented or implemented in the time frame that was suggested. It is, however, always heard, discussed, and given thought. Everyone and every idea is important to the board. We have the tough job of taking all the recommendations we hear and trying to come up with a plan of action that we hope will work the best. Please keep the lines of communication open and remember that members are welcome at any and all board meetings. They are regularly scheduled on the fourth Tuesday of the month. If there is a special meeting or a change of date, it is announced at least one week before the meeting, usually in this newsletter.

In other news, the City has agreed to hold at least two meetings with the Old Town merchants regarding Thunder Valley Rally planning and organization. The first meeting will be held long before plans for the event are finalized. Please attend or let me know your feelings or ideas before the meeting if you can't make it. The details of the meeting are in this newsletter.

It is an honor to hold this position and I am always available to hear your comments, criticisms and feedback. I can be reached on my cell phone (928) 284-8131 or my email. ljcfree@gmail.com.

Best Regards,

Larry Cohen
