Four Way Stop Intersection

Cottonwood, Ariz, May 9, 2012— Beginning Thursday May 17, 2012 The intersection of Fir Street and Monte Tesoro Drive will be a four way intersection. Currently the intersection is only a two way stop with stop signs on Monte Tesoro and Fir Street is unrestricted. The Four Way Stop will be installed early Thursday morning and will be effective immediately. The installation of the new stop signs will also be accompanied by the installation of new cross walks and Stop bars at the same time. Sufficient warning signs will be placed ahead of the traffic control change to warn drivers of the change ahead.

The installation of the four way stop is warranted due to the increased traffic on Monte Tesoro Drive. The warning signs will be left in place for several weeks to allow the public to be accustomed to the traffic control change. The four way stop will allow for more efficient vehicular movement and safer pedestrian access to the intersection.
