

MEDIA RELEASE – City of Cottonwood, AZ

For Immediate Release

Date: October 9, 2013
Contact: Iris Dobler, Human Resources Manager 634-0060
idobler@cottonwoodaz.gov

A new chemical classification system and hazard communication system is in the process of being implemented by OSHA. The first step in this process is to train employees about the program. OSHA mandates that the Global Harmonized System (GHS) training must be completed before December 1, 2013.

As a community service to small businesses or individuals, the City of Cottonwood is offering this training to any company or individual in the area who feel they would benefit from the training. It will be a short training (30-40 minutes), and will be beneficial to anyone who works with hazardous chemicals.

The following training dates and times are available:

Wednesday, October 16, 2013	4:00 – 5:00 PM
Friday, October 18, 2013	8:00 – 9:00 AM

Both sessions will be held in the Cottonwood Room of the Cottonwood Recreation Center, 150 S. 6th St., in Cottonwood.

Please contact Iris Dobler, 340-2717 or idobler@cottonwoodaz.gov, with questions, or to register for either of the sessions.
