### **Mingus Avenue Improvements Project**

**Cottonwood, Arizona (5/10/12)** – IMPORTANT NOTICE–Concerning improvements to your neighborhood – Mingus Avenue Improvements Project

The City of Cottonwood road improvement project for Mingus Avenue will be under construction for approximately seven (7) months starting the week of May 14, 2012. We apologize for any inconvenience and will make every attempt to ensure that local traffic will be accessible at all times during construction.

This project consists of the reconstruction and modernization of Mingus Avenue between State Highway 89A and Willard Street to include new curb, gutter, sidewalk, paving, as well as a right turn bay at Mingus Avenue and 89A and a roundabout intersection at Mingus Avenue and Willard Street. Additional project improvements include a new eight inch (8”) water line, a twelve inch (12”) reclaimed water line and various sewer improvements. The project was also extended to include a new eight inch (8”) water line down Willard Street for approximately one thousand four hundred feet (1,400’) north of Mingus Avenue.

We look forward to improving your neighborhood. Please follow all traffic control signs and beware of ongoing construction equipment and personnel in the area.
