Cottonwood Fire & Medical Provides CPR Training to YouthSTEP

On Monday, June 15, 2015 Cottonwood Fire & Medical Department personnel provided CPR training to 16 students of "YouthSTEP" (Youth Summer Training Employment Program). CPR training is only part of an extensive curriculum provided by YouthSTEP to enhance employment opportunities for the young people involved in the program.

Besides providing valuable skills to enhance employment opportunities this certification level CPR training provides these students with the basic skills necessary to provide lifesaving CPR to those experiencing cardiac arrest whether it be a family member, fellow student or fellow member of our community.
