Community Services Requests

The Cottonwood Municipal Court is compiling a list of local community service agencies, and churches, that need help and wish to be added to our list of approved Community Service Agencies. The Court already provides community service workers for the City of Cottonwood Public Works and the Cottonwood Municipal Water Utility. Also on the list of approved agencies are the Senior Center, the Food Bank, Community Gardens, Humane Society, and Habitat for Humanity, along with other agencies.

All it takes is a call or e-mail to let us know the name of the agency, the contact person's name and a number they can be contacted at by defendants. Be assured that the Municipal Court does not get child molesters or those who committed serious offenses on our cases. All have misdemeanor offenses. Also, any agency has the power to terminate anyone from Community Service who is not cooperative and compliant with an agency, their staff, clients or the public.

The Cottonwood Municipal Court orders thousands of hours of community service per year, so we need plenty of opportunities from agencies or churches who feel they will benefit from the free help.

Thank you,

Hon. A. Douglas LaSota
Presiding Magistrate
