First Steps Childcare Visits Cottonwood Fire Department

On Wednesday, April 23, 2014, the Cottonwood Fire Department welcomed preschoolers from First Steps Childcare at the fire station. Fire department personnel conducted a full station tour for our guests and presented a fire safety program containing information on various subjects including playing with matches or lighters in the “tools versus toys” segment and what to do if your clothes catch fire in the “stop, drop and roll” segment. The children also were instructed on the purpose and usage of firefighter safety equipment.
