WORDS OF THE MONTH

Valentine's Day:

February 14, observed in honor of St. Valentine as a day for the exchange of valentines and other tokens of affection. Also called Saint Valentine's Day. (As defined in Dictionary.com: <http://goo.gl/zXDEs8>)

Valentine:

1. a card or message, usually amatory or sentimental, but sometimes satirical or comical, or a token or gift sent by one person to another on Valentine's Day, sometimes anonymously.
2. a sweetheart chosen or greeted on this day.
3. a written or other artistic work, message, token, etc., expressing affection for something or someone. (As defined in Dictionary.com: <http://goo.gl/N7rZUZ>)

MAKING THE GRADE

My high-school English teacher was well known for being a fair, but hard, grader. One day I received a B minus on a theme paper. In hopes of bettering my grade and in the spirit of the valentine season, I sent her an extravagant heart-shaped box of chocolates with the pre-printed inscription: "BE MINE." The following day, I received in return a valentine from the teacher. It read:

"Thank you, but it's still BE MINE-US."
